Each such Assessment, together with interest, costs and reasonable attorneys, fees, shall also be the personal obligation of the Owner of such Parcel at the time when the Assessment fell due.

Section 4.02 Default Assessments. Such lien shall be in favor of the Association and shall be for the benefit of all other Owners. In either a personal or foreclosure action, the Association shall be entitled to recover as a part of the action the interest, costs and reasonable attorneys' fees with respect to the action. No Owner may waive or otherwise escape liability for the Assessments provided for herein by non-use of the Common Area or abandonment of his Parcel. In addition, such successor shall be entitled to rely on the statement of the status of Assessments issued by or on behalf of the Association.

Section 4.05 Subordination of the Lien. The lien of the Assessments on a Parcel provided for in these Covenants shall be subordinate to the lien of any First Mortgage on that Parcel regardless of the time of filing of such first mortgage. This fee will be assessed January 1 of each year and shall begin January 1 of the immediate year following closing on each parcel. (c) The Board may fix the annual assessment at an amount not in excess of the maximum.

Section 4.07 Notice and Quorum for Any meeting to increase annual Assessment. Further encroachment may be necessary for above ground power and telephone lines on curved sections of the road. The encroachments shall be allowed by Parcel owners at no cost, the exception being when said encroachment crosses over specific building site locations. No water, sewer, telephone, electricity, or other lines, systems, or facilities may be installed or relocated on the surface of the Property unless approved by the Architectural Review Committee. Such utilities temporarily may be installed above ground during construction, if approved by the Architectural Review Committee. Should any utility company furnishing a service covered by this general easement request a specific easement by separate recordable documents, the Association shall have the right and authority to grant such easement upon, across, over or under any part or all of the Property over which said easement has been created and reserved without conflicting with the terms of these Covenants. Any changes must have the prior approval of the Board prior to undertaking such drainage work, which approval shall not be unreasonably withheld.

ARTICLE VI ARCHITECTURAL REVIEW COMMITTEE

Section 6.01 Membership. There is hereby established an ARC which shall be responsible for the establishment and administration of the Architectural Guidelines to carry out the purposes and intent of these Covenants. The ARC shall be composed of three (3) persons of which a minimum of two (2) must be Members, who are in good standing with the Association. All of the Members of the ARC shall be appointed, removed and replaced by the Board. The ARC is the only standing committee of the Board that has perpetual existence. A member of the ARC shall serve as a liaison to the Board. Until such time as the ARC is functional, the Developer and/or its successors and assigns shall act as the ARC, having such duties, rights and obligations as created herein. **Developer reserves the right to appoint the first ARC members.**

Section 6.02 Purpose. The ARC shall review, study and either approve, approve with conditions, or reject proposed improvements on the Property, all in compliance with these Covenants and as further set forth in the Architectural Guidelines adopted and established from time to time by the ARC and approved by the Board.

6.02.1 The ARC shall exercise its best judgment to see that all improvements conform and harmonize with any existing structures as to external design, quality and type of construction, materials, color, location of the Building Site, height, grade and finished ground elevation, and aesthetic considerations set forth in these Covenants or in the Architectural Guidelines.

6.02.2 No improvements on the Property shall be erected, placed or altered on any Parcel or Building Site, nor shall any construction be commenced until plans for such improvements shall have been approved by the ARC; provided, however, that improvements and alterations which are completely within a building may be undertaken without such approval. Subdividing or combining parcels will not change the voting rights or association fees of the resulting changed parcels to be one (1) vote and one (1) fee per revised Parcel.

6.02.3 The actions of the ARC in the exercise of its discretion by its approval with conditions or disapproval of plans or other information submitted to it, or with respect to any other matter before it, shall be conclusive and binding on all interested parties subject to appeal as provided in the By-Laws.

Section 6.03 Organization and operation of the ARC.

6.03.1 Term. The term of office of each Member of the ARC, subject to section 6.01, shall be two (2) years, except the initial term of two (2) ARC Members which will be for one (1) year each to create an alternating board, commencing on January 1 of each

year and continuing until his or her successor shall have been appointed. Should an ARC Member die, retire or become incapacitated, or in the event of a temporary absence of an ARC Member, a successor may be appointed as provided in Section 6.01.

6.03.2 ARC Officers. The ARC shall elect a Chairperson, a Vice-Chairperson, and a Secretary. The Vice-Chairperson shall act as the ARC Liaison.

6.03.3 Operations. The Chairman shall preside over and conduct all meetings and shall provide for reasonable notice to each Member of the ARC prior to any meeting. The notice shall set forth the time and place of the meeting and notice may be waived by any ARC Member. In the absence of a chairman, the party responsible for appointing or electing the chairman may appoint or elect a successor, or if the absence is temporary the Vice-Chairperson shall serve as a temporary successor.

6.03.4 Voting. The affirmative vote of a majority of the Members of the ARC shall govern its actions and be the act of the ARC. A quorum shall consist of a majority of the ARC Members.

6.03.5 Expert Consultation. The ARC may avail itself of technical and professional advice and consultants, as it deems appropriate.

Section 6.04 Expenses. Except as provided below, all expenses of the ARC shall be paid by the Association. The ARC shall have the right to charge a fee for each application submitted to it for review in an amount, which may be established by the ARC from time to time, and such fees shall be collected by the ARC and remitted to the Association to help defray the expenses of the ARC's operation. Until December 31, 2008, the filing fee shall not exceed THREE HUNDRED (\$300.00) DOLLARS per dwelling unit but may be subject to reasonable increase after that date, as determined by the Board on recommendation from the ARC.

Section 6.05 Architectural Guidelines. The ARC shall, subject to Board approval: adopt, establish and publish from time to time Architectural Guidelines, which shall be a Ross Creek Farm Document. Prior to approving material changes to the Architectural Guidelines, the ARC shall distribute pending changes to the Membership for comment. If within 30 days after the mailing of said pending changes, 10% or more of the membership of the association request a hearing (meeting) in writing, a hearing will be called by the ARC for open discussion; otherwise the changes will become effective at the end of the 30-day interval. If a hearing has been held, the ARC and the Board will reconsider the changes and take another vote as appropriate. The Architectural Guidelines are subject to the approval of the Board and shall not be inconsistent with these Covenants, but shall more specifically define and describe the design standards for Ross Creek Farm and the various uses within Ross Creek Farm. Further, the ARC, in its sole discretion, may excuse compliance with such requirements as are not necessary or appropriate in specific situations and may permit compliance with different or alternative requirements, provided however, all such exceptions or excused compliance must be approved by the Board. Compliance with Ross Creek Farm design review process is not a substitute for, and each owner is responsible to obtain all approvals, licenses and permits as may be required prior to commencing construction, and subsequent compliance with any government agency requirements for sediment control and ground water protection.

Ross Creek Farm Covenants and Restrictions

Section 6.06 Procedures. As part of the Architectural Guidelines, the ARC shall make and publish such rules and regulations, as it may deem appropriate to govern its proceedings. Appeals shall be conducted as provided in the By-Laws.

Section 6.07 Limitation of Liability. The ARC shall use reasonable judgment in accepting or disapproving all plans and specifications submitted to it. Neither the ARC nor any individual ARC Member shall be liable to any person for any official act of the ARC in connection with submitted plans and specifications except to the extent the ARC or any individual ARC Member acted with malice or wrongful intent. Approval by the ARC does not necessarily assure approval by the appropriate governmental board or commission for Wayne County, Tennessee, as applicable. Notwithstanding that the ARC has approved plans and specifications, neither the ARC nor any of its Members shall be responsible or liable to any owner, developer, or contractor with respect to any loss, liability, claim or expense which may arise by reason of such approval of the construction of the improvements. Neither the Board of Directors, the ARC nor any agent thereof shall be responsible in any way for any defects in any plans or specifications submitted, revised or approved in accordance with the provisions of the Ross Creek Farm Documents, nor for any structural or other defects in any work done according to such plans and specifications. In all events, the ARC shall be defended and indemnified by the Association in any such suit or proceeding, which may arise by reason of the ARC's decision. The Association, however, shall not be obligated to indemnify each Member of the ARC to the extent any such Member of the ARC shall be adjudged to be liable for negligence or misconduct in the performance of his duty as a Member of the ARC, unless and then only to the extent that the court in such action or suit may be brought shall determine upon application that, despite the adjudication of liability but in view of all circumstances of the case, such person is fairly and reasonable entitled to indemnification for such expenses as such court shall deem proper.

Section 6.08 Penalties for Violations or Non-compliance. The ARC may seek any and all legal or equitable remedies available to it in the event of a violation of the Architectural Guidelines or non-compliance with such guidelines by an Owner. The ARC may assess fines against an Owner for each event of non-compliance or violation, and collection of such shall be subject to enforcement under all provisions contained herein, including those that provide for such sums owed to become a lien on the Parcel in question. Fines are defined in the Architectural Guidelines.

Section 6.09 Certificate of Compliance. Upon payment of a reasonable fee established from time to time by the Board, and upon written request of any Owner or his agent, an existing or prospective Mortgagee or a prospective grantee, the ARC shall issue an acknowledged certificate, in recordable form, setting forth generally whether, to the best of the ARC's knowledge, the Owner is in violation of any of the terms and conditions of the Ross Creek Farm Documents. Unless such request shall be complied with within thirty (30) days after receipt of the request, it shall be conclusively presumed that the Owner and the Owner's improvements are in conformance with all the terms and conditions subject to the control of the ARC.

Any such vehicle or recreational equipment parked in violation of these or other regulations contained herein or in the rules and regulations now or hereafter adopted by the Association may be towed by the Association at the sole expense of the owner of such vehicle or recreational equipment. The Association shall not be liable for the towing or any harm or damage that the vehicle may experience as a result of being towed, nor shall the Association be guilty of any criminal act by reason of such towing and neither its removal or failure of the owner to receive any notice of said violation shall be grounds for relief of any kind.
